Dear Colleagues

It is a great pleasure to invite you to participate in the 15th International Coloproctological Meeting to be held in Turin on April 16-18, 2018.

Internationally renowned experts will deliver a series of up-to-date lectures in the field of colorectal disease. The programme will also include round table discussions and “Consultants’ Corner” sessions dealing with many important topics, with the emphasis on direct discussion between the panel and audience.

We are confident the programme will be of great general and specialist interest and look forward to welcome you in Turin

Ralph John Nicholls
